

## Program Start

2014

## Key Technical Areas

HIV Prevention, Care, and Treatment  
Monitoring and Evaluation

## Current Funders

Centers for Disease Control and Prevention (CDC)

## Current Projects

### ● **Global TA: HIV Programs**

ICAP is providing technical assistance and implementation support at the national and sub-national level to develop and implement new policies, guidelines, approaches, and tools that support decentralized, comprehensive HIV prevention, care, and treatment services. *(funded by PEPFAR through the CDC)*

### **Global TA: Key Populations**

ICAP is partnering with the Myanmar's Ministry of Health to evaluate the impact of key population sensitization training for health care workers and the implementation of structural changes on treatment outcomes among key populations. The evaluation findings will inform prioritization of strategies to improve uptake and retention in care among key populations. *(funded by PEPFAR through the CDC)*

## Recently Completed Projects

### **Strengthening AIDS Service Delivery in Myanmar (2014 - 2015)**

ICAP worked with Myanmar's National AIDS Program to advance the national HIV strategic plan and improve access to HIV care and treatment. ICAP conducted a baseline HIV situational analysis of ICAP-supported sites and worked with key stakeholders to implement an action plan to expand HIV services and reach key populations. *(funded by Open Society Foundations)*

### **ICAP IN MYANMAR**

Room 804, Building A, Shwe Gone  
Dine Tower, Bahan  
Yangon, Myanmar

### **ICAP HEADQUARTERS**

Mailman School of Public Health  
Columbia University
